## 2017 Annual School Presentation

Tuesday 12 December 2017 at 6.30 pm

Parent, Carers and Community Members,  
you are invited to come and celebrate the  
achievements of the students from Adelong  
Public School at the  
2017 Annual School Presentation  
in the School Amphitheatre

The P & C will be running a BBQ in the  
COLA from 5.00 pm – 6.15 pm

All guests are asked to be seated by  
6.25 pm.

Please bring a cushion for seating in the amphitheatre or your own  
fold up chair if you wish (chairs will be provided).

► BE RESPECTFUL ► BE A LEARNER ► BE RESPONSIBLE ► BE SAFE

 ADELONG PUBLIC SCHOOL**

## THANK YOU

The students and staff of Adelong Public School would like to extend our thanks to the Adelong S&C Volunteer Group for their generous donation to the school.

This donation will go towards our Science, Technology, Engineering and Mathematics (STEM) Program which will be implemented next year across all Stages.

## ADELONG CAROLS BY CANDLELIGHT

Our students have been busy learning and rehearsing Christmas Carols for Carols by Candlelight and for our Presentation Night.

All students and families are invited to attend the Carols by Candlelight to be held this Saturday 9 December in the Memorial Park, Adelong.

All students who will be attending are to meet Mrs Hall at 5.50 pm near the play equipment.

Please wear your sports uniform and don't forget some Christmas bling.

## P & C News

### CHRISTMAS HAMPER - REMINDER

It is time once again for the Annual Christmas Hamper. Each class is asked to donate different categories of items for the hamper. Items can be taken to the classrooms for collection.

FB page.

### Know your sun facts from your sun fiction

#### Did you know that skin cancer is caused by exposure to the sun's ultraviolet radiation?

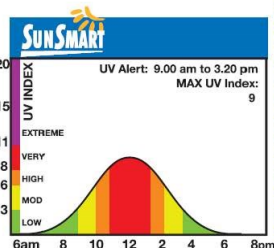

It's the UV (ultraviolet) radiation in sunlight that causes skin cancer, not the sun's heat or its brightness. In Australia we have access to a weather forecast and a UV alert. The UV alert tells us what the UV level is likely to be at different times of the day, and the maximum UV level for the day.

#### When the number gets to 3, we protect against UV

A UV level of 1 or 2 will not damage most skin types, but a UV level of 3 or above can be harmful and means we need to protect our skin. UV can easily pass through clouds, so whether it's sunny or grey outside, when the number gets to 3 we protect against UV.

#### The UV alert is easy to find

The free SunSmart app for smart phones is the quickest way to check the UV levels for your local area, download it from the App Store or Google Play, or check the UV alert daily at [www.cancercouncil.com.au/sunsmart](http://www.cancercouncil.com.au/sunsmart). The UV alert is also in daily newspaper weather forecasts.

#### Want to know more?

Check out [www.cancercouncil.com.au/sunsmart-primary](http://www.cancercouncil.com.au/sunsmart-primary) or call the SunSmart team on (02) 9334 1761.

Sun safety on the public schools website <http://www.schools.nsw.edu.au/student-support/student-health/sun-safety/index.php>.
