

ADELONG PUBLIC SCHOOL

THURSDAY 15 JUNE 2017

TERM 2 WEEK 8

Greening for the Future

Yesterday, Wednesday 14 June 2017 students participated in a fabulous planting exercise. As well as greening the school, a variety of edible plants and trees were established. These included onions, cauliflower, broccoli, coloured spinach, blueberries and apple, pear and citrus trees. A worm farm has been set up to provide organic fertiliser for our gardens. A huge thanks to Ange Ward for leading the charge and organising all the great new additions for our school. Her efforts are very much appreciated. Thank you also to Maxine Rosetta for assisting on the day. We all look forward to sampling the produce.
