Today, a school swimming squad of twenty students is competing at the PSSA Highlands Swimming Carnival. I would like to wish them good luck and commend their enthusiasm for representing our school.

Our STEM program featuring our Ozobots is continuing. Pictured below is Year 4/ 5/6 navigating their robots

The school will be preparing a display for the upcoming Adelong Show on Sunday 11 March 2018. I would like to encourage our students to support the Junior Section of the Pavilion and contribute individual competition items. ## A NIGHT WITH THE BLOKES

What does it mean to be a bloke today? And what do we want it to look like tomorrow? The tide is changing for men young and old and the outdated stereotype is leaving some of our mates, dads, sons, uncles, teammates, workmates and brothers stranded without the tools for a healthy life.

It's time we got in a room to have a no holds barred conversation about the state of man; face the stats and create room to break the stereotype. Explore how we can look after ourselves, our mates and families better while carving out our own version of the Aussie man.

In an engaging, memorable and impactful few hours Gus Worland (Triple M Grill Team Captain) and Tom Harkin (Expert facilitator and Tomorrow's Man founder), facilitate a casual and honest conversation exploring where the current man code has taken us and look at what tomorrow's man might look like.
